CPC
CONSELHO PORTUGUÊS
PARA O CÂNCER

Thursday, 27th November 2025

Pre-Congress Workshops (limited places)

13H00-13H30

Reception

13H30-14H30

Vascular intervention Workshop

Working for the best approach

14H30-15H30

Spine minimal invasive procedures - clinical cases and topics

Where the future is

15H30-16H00

Coffee break

16H00-17H00

Neuroanatomy versus neuroimaging Quizz

From newborn to adult

17H00-18H00

Multiple Sclerosis Workshop

Short update for beginners and advance level - MS Imaging biomarkers

18H00-19H30

Cocktail Reception - Multiple Sclerosis sunset

"Bridging neuroimaging and wellbeing"

Viver com EM: Guia para o Dia a Dia

Enfª Ana Isabel Silva, Centro de Responsabilidade Integrada de Esclerose Múltipla (CRI EM), ULS São José, Lisboa

Friday, 28th November 2025

08H00-08H15

Reception

08H00-09H00

Oral communications

09H00-10H40

Brain tumours: from pixel to diagnosis - advance techniques

10H40-11H00

Coffee break

Posters presentations

11H00-12H00

Neuroscience Society Symposium

Neuroimaging in Neurodegenerative diseases lecture

12H00-13H00

Opening Ceremony

"Setting the stage for discovery, innovation and sustainability"

13H00-14H00

Lunch break

14H00-14H30

General Assembly

14H30-15H30

When Genes Speak: Neuroimaging and Molecular Biology in Pediatric Tumors

15H30-16H00

Spine Intervention - 360° approach

16H00-16H30

Coffee break

Posters Presentation

16H30-17H00

Industry symposium

17H00-18H00

2nd In-training and Early-career Neuroradiologists Symposium

"Do we speak the same language?...."

18H00-18H30

Oral communications and posters presentations

18H30

Closing Remarks

19H30

CONGRESS DINNER (congress registration needed)

Saturday, 29th November 2025

08H00-08H15

Reception

08H00-09H00

Oral Communications

09H00-10H30

Neuroimaging Horizons in Multiple Sclerosis

From evolving evidence to everyday clinical practice

10H30-10H45

Digital Health in Neurosciences

11H00-11H30

Coffee break

Posters presentations

11H30-12H30

Innovation, risk and value in Interventional vascular Neuroradiology - What's new?

12H30-13H30

"History of Portuguese Neuroradiology - Its relevance in a timeline vision"

"Academic Neuroradiology - How to do it?"

13H30-14H30

Lunch break

14H00-14H30

Industry symposium

14H30-16H00

Head and Neck - mapping complexity accurately

16H00-16H30

Coffee break

16H30-17H30

Blue and green neuroradiology - value-based approach to our practice - what's the question?

17H30-18H30

Awarding Prizes Neuroradiology Portuguese Society

21° SPNR Congress Announcement

Closing Ceremony and reflections: Towards a Shared Cultural, Scientific and Academic Horizon
